## Preface

I have enclosed a summative report of the placement activities undertaken at Lead College of Management for the 2024 graduating batch.

The placement report reflects the status as of 30th September 2024. Placement is still ongoing and we are awaiting confirmations from 10+ companies on offers and visits.

I would like to thank Dr. Thomas, our Chairman and Director for his support and the Decision-Making Group for their support and encouragement. My placement team along with the placement LOT volunteers who ensured that the process went smoothly also need a special mention.

Our recruiters deserve our sincere thanks for their continued support to us and giving us valuable feedback both from an institutional and recruiter perspective.

After the pandemic, it seems that a hybrid mode of recruitment is now the norm for many companies. These pose an opportunity and a challenge for placement. Whilst this calls for a larger and better technology framework, it also needs a different strategy to succeed from the student's perspective in the context of a virtual engagement.

We have delivered 100+ hours of important sessions towards soft skill enhancements, communications, group discussions, resume refinements, English, and interview techniques. These will be accelerated as now students are available on-campus and are more accessible.

Warm regards

Ajay Japamani

Training and Placement Officer
